

Senior Applications Engineer – NX and Teamcenter

Location: Oxford

Salary: Negotiable

Cutting Edge Solutions is the leading provider of Siemens PLM software in the UK and Ireland to the design, engineering and manufacturing industries. With 20 years' experience, the company has a large and varied customer base with a proven track record and reputation for supporting some of the largest engineering businesses in the UK.

Encouraged by the success of the Siemens portfolio of products (Solid Edge, NX & Teamcenter) and associated services activities, Cutting Edge is a fast-growing, professional company with a friendly work environment.

As a Senior Applications Engineer you will be a subject matter expert in Siemens NX and Teamcenter. You will have substantial experience using these tools, from user knowledge, configuration, providing mentoring and training, to devising training development plans.

You will be working as a valued member of our leading multi-skilled services and support organisation.

The successful candidate will be responsible for the following;

- Effectively communicating the benefits of proposed solutions to customers through documentation, verbal, presentation and demonstration skills
- Acting as key point of contact for major customers
- Creating, developing and maintaining end-user documentation providing CAD/PLM process, methodology and training to facilitate consistency, improvements and standard practices
- Establishing internal best practices and mentoring internal resources
- Provide ongoing customer support (helpdesk)
- Deliver on-site software installation, training and support.

Required skills/experience

- Ideally qualified to degree level or higher in an IT or Engineering subject or have suitable industry experience
- A minimum of 5 years of user experience using NX, preferably in a leadership role (CAD leader, Principal Engineer, etc.)
- Industry knowledge of Aerospace, Defence, Marine or Medical technology
- Familiarity with Siemens portfolio of tools and their application
- Previous experience in a pre-sales and end user support role would be advantageous
- Experience with dealing with senior stakeholders
- Excellent communication and problem-solving skills

As an employee of Cutting Edge Solutions, you will receive ongoing personal development, outstanding training opportunities and an excellent benefits package including a contributory pension scheme and private medical insurance.

To apply, contact Neil Perry on 01865 981500 or email careers@cuttingedge.co.uk
